

Dick Hoskins To Try Again For Post In Election

Pledges Vigilance, Modern Administration In Sheriff Job

Richard "Dick" Hoskins, who recently announced he would be a candidate for sheriff at the June 4 primaries, was in Truckee Tuesday accompanied by Mrs. Hoskins greeting his many friends here. Hoskins at the election four years ago piled up a huge vote throughout the county and was only 28 votes behind the incumbent in the Truckee-Summit area.

The candidate is a native of Nevada County, born in Nevada City and residing in Grass Valley practically his entire lifetime.

Hoskins' business department of the Diamond Match Co. and three years as partner in Pete and Dick's Texaco service station in Grass Valley.

Hoskins' wide acquaintance throughout not only Nevada County but northern California as well is partly due to his outstanding activities in athletics.

As a business man, home owner, taxpayer and family man with three children—one of whom is with the armed forces—the candidate has community and county interests particularly at heart. For six years he has conducted a study of law enforcement methods and procedure, coupled with study of business management of law enforcement offices. If chosen by the people to represent Nevada County as sheriff he promises a tireless, conscientious 24 hours a day performance of duty with strict adherence of upholding the law to the letter.

With a rapidly growing Nevada County, Hoskins expresses belief that the sheriff's office should be modernized to conform with business lines and conducted and operated in a manner befitting the county's continuing growth.

ELMA HECKER WILL CONTINUE POLICIES IF KEPT IN OFFICE

Asking the voters of Nevada County to elect her as county treasurer and tax collector, a position she has worked faithfully and diligently at the past four years, is Miss Elma Hecker, veteran county worker and for 17 years previous to her elevation, deputy to that office.

Well liked and popular throughout the county, Miss Hecker during her four years of administration has used good judgment and has maintained an office of efficiency and honesty.

A graduate of Armstrong College in Grass Valley, Miss Hecker was born, reared and has spent her entire life in Nevada City where she is especially held in high esteem by all.

Prior to her election in 1942 as county treasurer, Miss Hecker served nearly 17 years as deputy in the office starting in June 1925, when she was named by Treasurer William T. Garland as deputy. When Frank Steel was appointed treasurer, Miss Hecker continued in that position until Steel retired last term.

Besides her diligent work in the county seat, Miss Hecker has been prominent in civic, fraternal and religious activities many years. She has held offices in Rebekah and Pocatonto lodges for many years and is a pillar of Trinity Episcopal Church in Nevada City.

If reelected to the office Miss Hecker promises the same courteous and efficient service to the public in the future as she has rendered in the past and will fulfill her duties again to the best of her ability.

Soldier, Three Years Jap Prisoner, Visiting Here

Corporal Oren Watkins, brother of Mrs. Jesse Stricklin of Hirschdale Lodge, accompanied by his brother and sister in law, Mr. and Mrs. Chad Watkins of Los Angeles, are visiting the Stricklins.

Corporal Watkins is just out of the hospital where he has been recuperating after more than three years in a Japanese prison camp following the surrender of Corregidor where he was stationed in 1941-42. The young soldier wears three presidential citations, a purple heart and four battle stars. His health was badly impaired during his imprisonment but he is fast regaining his robust condition.

From Auburn—

Mr. and Mrs. Albert Ring and daughter of Auburn were visitors on Sunday with R. Joseph.

In Reno—

Elden Tonini was a Reno business visitor yesterday.

Tourist Is Sold To Nace Firpo By John Ambler

Local Business Changes Owners Twice Since First of Year

For the second time since the first of the year, the Tourist Cafe, one of Truckee's popular meeting places, has changed hands.

In a transaction completed last week, Nace Firpo, who operates Lake Inn near Tahoe City, took possession of the Tourist from John Ambler who purchased the place from Anthony Roquette two months ago.

At the same time Firpo announced that he had secured a lease and option on the Polyanich building near the post office in which he will operate a package liquor store. Improvements are planned at both places if and when materials are available, Firpo said, but for the time being they will be operated as in the past.

Firpo is still managing Lake Inn with his partner, Tom Bonano. The Firpo family, who have resided at Tahoe for the past six years, will continue to make their home there, with Firpo commuting between Truckee and Tahoe daily.

George "Bud" Zorich will continue to be employed at the Tourist.

Firpo is widely and favorably known throughout the district and before purchasing Lake Inn was associated with the Tahoe Tavern and some of the leading hotels in San Francisco.

GOOD TIME PLEDGED AT DANCE HERE ON SATURDAY, MAR. 16

Preparations have been completed for the dance to be given Saturday evening at Capitol Hall by the Truckee Outdoor Sportsmen. Johnny Ciardella, chairman of the committee in charge, said that from advanced ticket sales it is indicated that a large crowd will attend the affair, the first of its kind to be sponsored by the sportsmen.

A fine orchestra has been engaged and a good time is assured.

Southern Californian Is Named Vehicle Director

Edgar E. Lampton of Los Angeles has been appointed to succeed Gordon H. Garland and director of motor vehicles in California. Lampton was formerly on the state employment stabilization commission and this post has been filled through the appointment by Governor Warren of Hiram W. Johnson III, grandson of the late senior California senator.

Lampton is a native of Burbank, Calif., and for 18 years was public and labor relations director for the Automobile Club of Southern California.

China Veteran Speaks At Rotary Club on Monday

Master Technical Sergeant Hal Pratt of Los Angeles who recently returned from service in China gave an interesting talk on conditions in that country at the end of the war before a meeting of the Rotary Club Monday evening. Theodore Schleuter was program chairman and Art Couillard presided.

Guests were Sgt. and Mrs. Pratt and Mrs. Theodore Schleuter from Tahoe, and Bud Horak of Donner Summit Lodge. Visiting Rotarians were Pete Land of Sierraville, Wayne Hinckley, Dave Hanna, Tate Williams, and Ken Henderson of Reno.

Lief Nielsen of Tahoe was inducted as a new member.

Five Local Ladies Drive To Lincoln for Meeting

Five members of the Wyethia Women's Club attended the meeting of the Federated Women's Club held at Lincoln on Tuesday, March 12. Mrs. Warner, state president of the organization was the speaker and stressed the need to solve the problems of youth. The local women who made the trip were Mesdames C. B. White, A. P. Leitch, W. F. Wilkie, A. Mahne and Stanley Zwarg.

Moon Light Ski Jaunt Is Slated Here

Truckee Outing Club Moves Events To Avoid Date Conflicts in Week

Betty Kielhofer, chairman of the moonlight ski party, announced that the affair had been moved up from Saturday night to Friday to accommodate those skiers who want to attend the St. Patrick's Day dance here on the former date. In her report to the Truckee Outing Club on Monday night, Mrs. Kielhofer stated that those going on the trek to Long Hill on Friday night will leave from the Truckee Hill Top Lodge pavilion between 8:30 and 9:00 p.m. A small charge is being made to cover the cost of refreshments and the public is invited to attend.

Also at Monday night's meeting it was decided to cancel the proposed inter-club meet with the Tahoe ski club Sunday due to conflict with a state meet at Mount Rose. Discussion of entering a team in the Sugar Bowl's Disney Cup meet was held and favorable action on the proposal was taken. The meet is for skiers under 10 years of age and will be held on April 21.

At the meeting next Monday night in the pavilion, a summer program of outings and events will be set up and a report on the possibility of movies and other features for future meetings will be made.

K. P. LODGE ELECTS TWO TO ATTEND SANTA CRUZ MEET

An interesting and instructive program based on his recent trip to the world's largest copper mine at Magna, Utah, was presented by W. M. Englehart, Sr., at the meeting of Summit Lodge No. 54, Knights of Pythias, last Friday night.

Delegates to Grand Lodge in May at Santa Cruz were named. They are Englehart and P. W. Gaenille, with Heslin Cardinal and O. T. Schumacher as alternates. Cardinal was named as lodge deputy at the meeting.

An entertainment committee, headed by Reuben Swett, was named to plan future programs both for the lodge as a unit and with the Pythian Sisters.

William Vernon Payne Released On March 5

William Vernon Payne of Truckee was discharged from the Navy at Camp Shoemaker on March 5. He had entered the service on February 15, 1944, and served on the USS Baltimore until his discharge. He qualified for the Asiatic Pacific ribbon with four stars, the Philippine Liberation ribbon with one star and the American Area and Victory ribbons.

He is the son of Mrs. Alta Payne of Truckee and is only 19 years old.

..Sun.. Beams

By WALTER M. BARRETT

From a study of the trend it is strongly indicated that this vast recreational area is fast becoming much more than a one-season area. Each year more and more people "stay in" during the winter months as local industries expand and build. Throughout the past winter there has never been a time when the housing shortage was relaxed and scores of families were forced to seek residence elsewhere because of the lack of facilities. We think the time is not far distant when this entire region, once isolated by the first snow storms of the fall, will become a year-round thriving area.

Something is sadly lacking in the management of the housing situation throughout the country. With much of our output of materials being exported to foreign markets at prices in excess of those permitted for local consumption, the situation is fast becoming more complicated. Returning veterans, with every right to a home for their families, are being deprived of the very thing for which they offered their lives and we think it is unjust to the extreme. We believe it is high time that some of these veterans be placed in positions of governmental responsibility so that they can correct this unnatural condition which prohibits them the privilege of owning a home exclusive of the black market methods.

The coming elections are going to be interesting and important. Unless you are a qualified voter, by all means get registered now and be prepared to exercise your American franchise. It is something you cannot neglect. Register today. Don't put it off any longer.

WYETHIA MEET ON MARCH 21 TO HAVE SAFETY AS THEME

The next meeting of the Wyethia Women's Club will be held on March 21st and speakers will be John Isbell district governor of 20-30 Clubs, of Reno and Captain George Peterkin of the highway patrol from Roseville. The speakers will have as their topic "Safety." It is anticipated that a local civic project will be started along these lines.

It is urged that all members attend this meeting, and especially mothers with children of school age as this subject will be of interest to them.

Local Highway Officers At Conference In Colfax

State patrolmen of the Placer Area, which includes Truckee and Lake Tahoe, Tuesday attended a squad meeting at Colfax where a review of new vehicle laws was led by Captain George Peterkin, who was in charge of the session. Attending from Truckee were Officers H. B. Fowler, K. C. Kolb, William Gautsche, T. F. Sheehan and M. A. Peterson.

Warren Signs Measure For Fish, Game Money

Gov. Earl Warren has signed legislation appropriating \$62,500 for the state's fish hatchery and other fish and game projects. The measure, AB 26 by Watson, provides for construction, improvement, repair and purchase of equipment for fish hatcheries. Most of the projects scheduled are in northern California. The sum augments a \$246,000 fund for the same purpose set up in the 1945 budget.

Coffee Shop Being Fixed Up for Business Increase

Hospital Survey To Begin Soon As Group Forms

Supervisor To Serve With Committee To Aid In Study

An early meeting of the committee to investigate the feasibility of having a branch of the Nevada County Hospital erected and maintained in this area is being planned. It is the desire of the committee, made up of representatives from all the various service organizations of Truckee to determine costs, locations, procedure and other details before pressing the program further.

While the need for the institution in this area cannot be questioned, the committee before taking definite action will make a thorough study and report back to the organizations for the privilege of proceeding or abandoning the idea.

Supervisor H. G. Loehr has offered his services as an ex-officio member of the committee and will assist in presenting the plan when it is ready to go before the board of supervisors for approval.

Members of the committee and the groups they represent are Leroy F. Wilson, American Legion; R. N. Little Lions Club; H. I. Snider, Rotary Club; Mrs. A. P. Leitch, Wyethia Club; Walter M. Barrett, Chamber of Commerce, and N. F. Dole, Fire Department. The meeting will be held at the office of the chamber of commerce where secretarial facilities have been offered.

DEMOCRATS HOLD 500 LEAD OVER G. O. P. IN NEVADA COUNTY

A definite indication that the population of Nevada county has declined since 1942 was given last week when County Clerk R. N. McCormack released that only 6,011 voters have registered as of March 1 for the 1946 primary election.

Slightly more than 500 registrations separate the two major parties. The Democrats lead with 3,414 while the Republicans total 2,892. Declining to state their preference were 179 persons. While the Prohibition Party is the only other party qualified for the ballot, they are tied with the unrecognized Townsend Party with eight each. Six registered Socialists and four Progressives.

To qualify for voting at the June 4 primary election voters must be registered before April 25. In Truckee McCormack has designated Hazel L. Lewis of the Greyhound depot and W. M. Barrett of the Sierra Sun as deputies for registration purposes.

Overnight Snow Storm Adds Foot on Pack Here

After enjoying several weeks of fine spring weather which indicated that spring was really here, this area during the past two days has experienced a heavy snow storm which deposited nearly a foot of new snow in Truckee and about 18 inches on Donner Summit. Indication are for clearing weather for the weekend which is expected to bring in hundreds of skiing and winter sports enthusiasts.

Forest Service Takes Lead In Conservation Program

The week just ended, March 7-14 has been observed as California's 12th Conservation Week with its theme being "Practice Conservation for Tomorrow's America."

Students in the local schools of Truckee district have studied conservation and become more familiar with ways in which they can better practice the principles of conservation. Ralph Throop, fire control assistant, working District Ranger H. I. Snider, aided the students in the work by talks to them on values of forest protection in the local community.

When the school at Lake Tahoe re-open, Snider plans to have some new moving pictures on national forest activities to show at all the local schools. Snider gave a talk to the Rotary Club last week on how our local forests could be made more valuable in actual conservation practice by the use of proper land use plans.

There will be a meeting of Summit Temple No. 79, Pythian Sisters, tonight at eight in the IOOF Hall.

Tahoe Tops At School Ski Meet Here Saturday

Truckee Skiers Place High Against Teams From Three Schools

Skiers from the Tahoe branch of Placer Union High School Saturday won the interscholastic meet at Truckee. Other schools participating were Reno, Truckee and Auburn. Westwood had entered the meet but had to withdraw due to transportation difficulties.

Winners of the various events were as follows:

Jumping: Ken Immer, Auburn, first; Joan Rablin, Truckee, second; Howard Carnell, Tahoe, third; Terry Tolleson, Tahoe, third.

Cross country: Howard Carnell, Tahoe, first; Ken Immer, Auburn, second; Humbert Ciardeia, Truckee, third; Ken Snider, Truckee, fourth. Boys Slalom: Bob Ramsey, Reno, first; Jack Parke, Reno, second; Ken Immer, Auburn, third; Howard Pyle, Auburn, fourth.

Girls slalom: Bette Wheat, Tahoe, first; Coco Brown, Reno, second; Ginny Lou Capies, Reno, third; Nonny Brown, Reno, fourth.

Couch Mancel Justice, who directed the meet, stated he felt the meet was a success and expressed the opinion that the Truckee team shows great promise for next season after a late start this year.

Frank Titus, tournament director for the Truckee Outing Club, laid out the courses over which the 35 contestants skied.

SURVEY UNDERWAY FOR IMPROVEMENT OF TRUCKEE STREET

It becomes increasingly evident that while Truckee will have its new main street under the \$50,000 appropriated by the California Highway Commission's 1946 repair program, this sum will not provide for realigning the highway east and west of Truckee as contemplated originally.

A survey for the purpose of determining the cost and mapping the area to be improved was being made this week following a visit to Truckee last week by C. H. Whitmore, division engineer from Marysville.

It is planned, according to the best information, to widen and resurface the highway from the Tahoe Wye through Truckee to the crossing of the old Hobart Railroad east of town, stragglings out the bad curves near Miller's if possible, but not cutting through Thornton's Garage as had been indicated.

Just when the work will start was not announced but it is expected during the early summer.

South Tahoe Trapper Is Found Dead In Cabin

PLACERVILLE—The body of Jack Leupen, 45, Lake Tahoe trapper, was found in his cabin, his two mongrel dogs laying across and guarding it. Sheriff Lowell O. West said Leupen, who suffered from high blood pressure and a weak heart, last was seen a week ago. After several days neighbors became anxious and Pete Rasmussen went to the cabin. The dogs would allow no one to touch the body until West arrived.

Leupen was born in Switzerland and had been a resident of the lake area for about eight years.

Lions Sponsoring Model Plane Contest for Lads

The Lions Club last night voted to sponsor a model airplane contest for the Boy Scouts and C. B. White, president, appointed W. M. Englehart, Jr., Don Hansen, Charles Brunk and C. Edmunds as the committee to have charge.

A general discussion of proposed local developments was held, with Edmunds explaining the contemplated highway and airport projects.

James Owens, manager of Bank of America, was inducted as a new club member. Guests were Robert Gifford of Truckee and P. J. Penich of Sacramento.

Mother, Child Are Hurt In Collision At Donner

When a car driven by William J. Bentley, 24, a Reno insurance agent, crashed into the rear of one driven by Robert H. Schuetzle, 29, of Sacramento, Tuesday morning near Donner Lake, Mrs. Eleanor Schuetzle, 30, and her son, Dennis, 3, were injured and brought to Dr. J. H. Bernard for treatment.

Bentley, who brought the injured persons to Truckee, told State Patrolman H. B. Fowler that the Schuetzle car stopped on the highway and his car skidded into the rear. An approaching bus, he said, prevented him from passing the other machine.

The injuries were reported to be of minor nature. A second baby in the Schuetzle car escaped injury as did the driver. Both cars were going east when the accident occurred.

Governorship Primary Seen As Hot Contest

by LLOYD LAPHAM
United Press Staff Correspondent

SACRAMENTO, March 14 —(UP)—This year the primary election will have a greater influence than ever before on the outcome of the final election for governor, it appeared today.

Attorney General Robert W. Kenny who announced early in the week he would be a Democratic candidate for governor said he would file for both Republican and Democratic nominations.

Gov. Earl Warren also is expected to cross file, since he used that system in the 1942 primary election.

The result will be that for the first time in history the two major party candidates for governor will contest on both tickets. Obviously the man who polls the largest total vote on both tickets in the primary will have a psychological edge going into the general election campaign.

Just as obviously, both candidates realize this and will turn on the heat to roll up a big vote in the primary in a fashion that hasn't been seen in the state so far.

Warren used the cross filing device in the 1942 primary very successfully. Former Gov. Culbert Olson filed only for the Democratic nomination and as California has a large proportion of voters who pay little attention to party affiliation, Warren rolled up a very sizeable Democratic vote along with his Republican vote.

Warren's total for the primary was several hundred thousand more than Olson's, and he held that lead into the general election. Of course, that wasn't the only factor in the election.

Although cross filing for other state offices, for legislative and congressional posts and the like, has been common since 1909 when the direct primary law was enacted, a search of state records showed that only one man cross filed for governor before Warren did it in 1942.

That was the late James Rolph, Jr. who filed for both Democratic and Republican nominations in 1918. He won the Democratic nomination, but was defeated by the late William D. Stephens for the Republican nomination. Rolph, under the law, was disqualified from accepting the Democratic nomination since he failed to win the bid of his own party.

Kenny, as well as Warren, had done all right with the cross filing system. He won both major party nominations for state senator in Los Angeles county in the 1938 primary and so had no opposition in the general election.

Again in 1942, he filed for both nominations for attorney general. He won the Democratic bid and failed only by some 15,000 votes to take the Republican nomination from Wallace Ware.

McGagin Is Renamed As County's Probation Boss

Superior Judge George L. Jones last week reappointed A. W. McGagin as Nevada county probation officer for a two-year term. The action was recommended by the county probation committee.

McGagin this week completed 20 years in office and during his incumbency has become one of the most popular officials in the county.

The city of Los Angeles was incorporated April 4, 1850.

3,000 Miles of Hiking and Riding Trails in State

SACRAMENTO, March 14 —(UP)—In the not too distant future you will be able to walk from one end of California to the other—or take the trip by horse.

The state has begun steps to resurrect the old California trails and add some new ones. The legislature appropriated \$300,000 for a beginning, and now the department of natural resources have begun work on the proposed trails, which will extend some 3,000 miles, 1,200 miles of which are through national forests.

Warren T. Hannum, director of the department, describes them as a "tremendous tourist attraction".

The idea of constructing connecting lengths of eight-foot paths for riding and hiking arose three years ago in the California Horsemen's Association.

Members presented it to Gov. Earl Warren, who passed it on to Hannum to work out the details and then paved the way for an appropriation by placing the trails on his call for the recent special session.

Total cost of the state trails is estimated at \$1,500,000. It will take six or eight years to complete them, it is predicted. Annual maintenance is expected to be about \$350,000.

The appropriation bill specifically provides for the trails to be used as a source of employment for the building crafts and unskilled workers in times of job deficiencies—giving the trails a dual purpose.

Why no butter? According to the American Dairy Association, the trouble is that the OPA ceiling on butter is 46 cents a pound, "although, the butter makers must pay 60 to 72 cents for the cream they need to produce it."

Like your other Electric Appliances

The ELECTRIC RANGE IS EASY AND ECONOMICAL TO USE

Your next electric servant in the home should be a modern electric range. When you use it you will encounter many delightful surprises. With it the fine art of good cooking becomes so simple and so clean that results will seem like magic.

The speed of the new electric range elements will amaze you. And with this speed there is the accuracy. Cooking temperatures are under control automatically. Oven temperatures are scientifically regulated to assure uniformly tenderized, perfectly cooked roasts, and all your favorite cake recipes become time-after-time successes.

Take a step forward in better living by giving yourself and your family the benefits of electric cooking. Like your other electric appliances, the electric range gives a service you would never be without once you know how much it does for you and how little it costs with today's low electric rate.

ELECTRICITY IS CHEAP — USE MORE OF IT

Radicalism

By GEORGE S. BENSON
President of Harding College
Searcy Arkansas

UNDOUBTEDLY Karl Marx, father of Communism, had a noble purpose. He aimed to relieve the world's oppressed people, to correct injustices and get rid of poverty. That would be fine. There is absolutely nothing wrong with a platform that flatly supports what's right and opposes what's wrong. The next step is getting everybody to agree on what's right and what's wrong.

Followers of the profound Marx didn't all see eye-to-eye with him after he left first-base. He was obliged to "run out" on the First Internationale and disband it because it was being used by a gang of ruffians, more bent on wrecking what was in sight than on building a new social order according to a noble plan. The leader and his followers were not of the same calibre.

Converts SETTING out on a to Greed reform that required changing the motives of many people, Marx recruited followers without changing their motives. Selfish intentions can be mustered under a banner of lofty aims. Already this year news wires have carried a story about leaders in the Communist movement addressing large audiences of working men, "whooping it up" for strikes.

It is not that Labor, considered broadly, is destructive in character or shot through with Communist ideas. It's not true. It is true however that working people are numerous and therefore a powerful segment of American

society. People who want to overthrow the only system on earth that gives a working man a chance are very wise to ask the workers' help. It can't be done without them.

Covetous COMMUNISM has Epidemic failed exactly as often as it has been tried, and Karl Marx has been dead more than sixty years. This doctrine of "tear down in haste and rebuild at leisure" has been tried on American soil. Time after time each experiment, at having everything in common, comes down of its own poison and dies or relapses into a dictatorship. Communism is a political disease.

Russia is called a Communist nation but it is far from it. The government set out in that direction once, broke down property lines, degraded the family, bawled level, overthrew the church, rejected God and bogged down in abject poverty. Now it is being run by a minority party, made up of some 3% of the citizens, and nobody else can even vote. A sorry situation they have.

Under a dictatorship Russia is doing a little better than it did under Communism but still is nothing to brag about. Russian wages are not more than a third as high as those in America. If the average Russian farmer should visit the average American farmer he would think he was in a king's palace. There is a cure for this plague and it is no mystery. It lies in obedience to God.

Former Truckee Man To Reopen Mono Newspaper

D. C. DeChambeau, formerly employed at the Truckee quarantine station and more recently residing at Long Beach, announced he is returning to Bridgeport where he plans to reopen his Bridgeport Chronicle about April 1. Mrs. DeChambeau and their baby are now at Bridgeport.

DeChambeau said he was slightly injured a few days ago when struck by an automobile while crossing a street. He suffered arm and chest injuries and will have x-rays taken.

WORLD WAR II VET ASKS SUPPORT IN BID FOR STATE JOB

State Controller Thomas H. Kuchel announced this week that he would be a candidate to succeed himself in the June election this year.
 "To the people of California I will make one pledge—to serve them all with the best that is in me. To this end I desire to solicit support from every right thinking American citizen in this state," Kuchel said.
 Prior to being appointed controller, Kuchel was a member of the state senate and before that of the state assembly. He served in the U. S. Navy in World War II.

Two-headed snakes are fairly common.

A 16th century Earl of Oxford was fined 15,000 marks, or \$50,000, for too lavishly entertaining his king, Henry VIII of England. Ancient Babylonian businessmen of 3,000 years ago occasionally organized holding companies.

"Cracking" will convert as much as 80 per cent of heavy oil into gasoline.

The natural "chimneys" in the Valley of Ten Thousand Smokes in the course of a year will yield 1,250,000 tons of hydrochloric acid and 200,000 tons of hydrofluoric acid.

One pound of the element uranium No. 235 has a power output equal to 5,000,000 pounds of coal or 3,000,000 gallons of gasoline.

MY PLACE in the SUN

by DOUG BARRETT

The long shadow of the coming political wars for state, county and local offices is being cast upon the scene. The deadline for candidates to get their names on the ballot is March 26. That is, for anything save judicial offices and the battle lines have already been drawn there unless someone wages a write-in campaign. Most of us, however, aren't candidates and our main interest is in seeing that the best man—in our judgment—gets the job. To do this, you have to register to vote. In the case of the June 4 primary, the deadline is April 25 but just remember that if you put it off until tomorrow, tomorrow will be April 26. If you're not registered to vote by April 25, you just don't vote. There's no write-in where you're concerned. If your name isn't in the big book, you don't vote.

Street Scenes: The penny balloon craze seems to have hit our younger set.... Dick and Mrs. Hoskins over campaigning again for sheriff.... Nace Firpo pretty busy getting his Truckee enterprises organized.... Dick and Lucille Little back from a visit to Idaho.... Walt Loynd working hard and late before March 15th.... Mrs. Charlie Cozzi swinging into the post office for the morning mail.... Bill Campbell's championship cup resting on four cans of pork and beans in Truckee Meat.... Doyle McGinn cutting up at Tonini's Market.... Don Kessler of the Flycasters and Bill LaMarr, along with other sportsmen, engaged in a fishy conversation.... Little Mrs. Steve Aplin keeping the giant SP trains straightened out. A man's world—who sez?.... posters blossoming out in the rain for the St. Pat's dance in the Capitol under the Truckee Outdoor Sportsmen.... Gussie Hixson and Bea Perkins giving Slim Ellert a hard time.... wish I had the energy our postmaster has.... a hospital train flashing west reminding us that for the Red Cross, the war is far from over.... Tom Doley—N. F., that is—and Max Straubhaar cut quite a figure carrying the mail in the post office.

Recommend you teen agers and younger to read County Ordinance No. 155 in this issue. And they don't mean maybe, kids. In fact, you'd better clip it out and read it over every night about that time.

RAILROAD, FOREST SERVICE RENEW PREVENTION PACT

Plans for renewing the annual cooperative agreement for the removal of hazardous material along the railroad right of way were discussed at a meeting of Southern Pacific and Tahoe National Forest representatives. Some 50 miles of the Southern Pacific railroad crosses the Tahoe National Forest. The past five years the Southern Pacific has worked on a cooperative plan with the U. S. Forest Service to remove the hazardous grass and brush adjacent to their tracks, in an effort to prevent forest fires and to improve the appearance of their right of way. Excellent results have been obtained as a result of this work. This year plans were discussed to increase the amount of work to be done, anticipating the elimination of all fires due to railroad operation and to further improving the scenic beauty of the right of way.

Present at the meeting were, from the Southern Pacific, M. L. Jennings, Sacramento district superintendent; W. S. Turner, district engineer and A. I. Stockhouse, roadmaster of the Norden section; from the forest service were Hobart Snider, Truckee ranger; Max Williamson, Big Bend ranger, and R. E. Dasmann, fire control officer from the forest supervisor's office in Nevada City.

Let's Tackle Inflation While We Can

You don't want your dollars to buy less and less and less!

You don't want your savings to melt away! Or the value of your life insurance to dwindle!

Yet that is what inflation can do to all of us. Therefore, thoughtful people everywhere are concerned with ways to smother it before it gets out of hand.

One major cause of inflation is a shortage of goods when people have money to spend for things they want.

That cause can be eliminated by the production of goods—fast—in quantity.

BUT THERE'S A BOTTLENECK

During the war there wasn't enough labor and materials to meet the needs of war and still produce all the civilian goods people wanted and could buy.

Therefore price controls on civilian goods were substituted for competition to keep prices down.

Today this country has all the labor and materials necessary to turn out the things people want.

Yet goods are still scarce. Store shelves are still bare. The national pocketbook continues to bulge. Inflation grows.

Why? Because price controls in peacetime hinder the production of goods. Business cannot live by producing at a loss. And so, goods that can't be made to sell at the prices fixed by the government just don't get made.

Nor will the raising of price ceilings solve the problem. When costs and selling prices are subject to change at any moment by government action, production has to be on a day-to-day basis.

That means uncertainty . . . reduced output . . . more inflation.

ISN'T THIS THE ANSWER?

Remove price controls on manufactured goods and production will step up fast.

Goods will then pour into the market and, within a reasonable time, prices will adjust themselves naturally—as they always have—in line with the real worth of things.

Competition has never failed to produce this result.

This is the way you can get the goods you want at prices you can afford to pay.

Please think this over. Then tell your representatives in Congress what you believe should be done. You owe it to yourself . . . and to your country's welfare.

LET'S SMOTHER INFLATION...A postcard addressed to the National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y., will bring your copy of a booklet explaining in detail why price controls cause inflation.

ONE-TIME TAHOEITE KILLED IN PLUNGE IN AMERICAN RIVER

PLACERVILLE—The body of Miss Thelma Joergeson of Oakland, who lost her life on March 6 when the automobile in which she was riding plunged 80 feet from the Pino Grande Road into the American River, was found Friday.

Double funeral services for Miss Joergeson and Mrs. Nettie L. Forni, 71, driver of the car, were held here on Saturday.

The body of the latter was discovered shortly after the plunge as it had been thrown clear before the car entered the river. Clyde Beecher of Lake Tahoe, friend of Miss Joergeson, posted a \$1,000 reward for the recovery of her body. James Stowe, PG&E employee, discovered the body a half mile below the scene of the accident.

Miss Joergeson and a sister, Mrs. Anita Willis of Oakland, recently operated a resort near Bijou on Lake Tahoe.

A. M. HENRYS HOSTS AT DUAL PURPOSE IN LAKESIDE HOME

TAHOE CITY—Albert Henry left Monday with his wife Jean for Sacramento. Mrs. Henry plans to visit with friends in the capitol until time to go to the Sutter Maternity Hospital for the birth of their second child. Little Gary will spend his days with Grandpa Carl Wheat in Tahoe City and his nights at the home of his paternal grandparents, the A. M. Henrys, until his mom returns.

The A. M. Henrys on Sunday hosted a family dinner party with a dual purpose—farewell to Mrs. Al Henry and the wedding anniversary of the Carl Wheat. Those enjoying the affair were Mr. and Mrs. Al Henry and son, Gary, Mr. and Mrs. Carl Wheat and daughters Bette and Edna and the hosts.

Couple, Known At Lake, Weds, to Live In Auburn

TAHOE CITY—Tahoe friends learned of the wedding on March 8 of Miss Alice Kubernus and Kenneth A. Dubber. The Dubber family is well known at Tahoe where they are frequent visitors at the A. M. Henry home in Tahoe City.

The bride was married in a white taffeta gown, cut on princess lines and featuring a long train, her veil caught to a hol of orange blossoms. She carried a bouquet of white carnations and maiden hair fern.

Following a reception, the young couple slipped away for their honeymoon. They will make their home in Auburn on their return.

TAHOE BRIEFS

Miss Shirley Ables of Tahoe City spent Sunday till Friday as the guest of Mrs. Mary Jane Rowe in San Francisco. She spent much of her time while in the city in the dentist's chair.

Tahoe ladies who attended the Wyethia Club luncheon in Truckee last Thursday included Mesdames Floyd Carnell, Carl Beckdolt Jr., Ruth Ables, Katherine Corona, Otis Hursey, Fred Cunningham, Fred Rost, Ray Frazier, Phil Geier, Leon Dockham, W. A. SSimmonds, Harry Johanson, Stanley Martin and Charles Swanson.

On Wednesday evening last week Mr. and Mrs. Ray Frazier of Lake Forest gave an impromptu dinner party followed by a session of pinocle in honor of the return of Capt. Oliver Corona, son of Mrs. Katherine Corona of Tahoe Park, from overseas duty. Guests who enjoyed their hospitality included Mr. and Mrs. Phil Geier, Mrs. Corona, the honoree and Mr. and Mrs. Charles Swanson.

Mr. and Mrs. George Gates and daughter Betty have returned from an extended vacation tour which carried them through Arizona, Texas, New Mexico, Oklahoma, Arkansas and into Mexico, and included a visit with friends in Fresno. They were gone from December till March and thoroughly enjoyed their wanderings and their visits with relatives and friends. They are at home once more at their cottage at McClatchy's estate where they are caretakers.

Mrs. Marie Steenis, who has been working for the past month at the home of Mrs. George Walker on the Truckee River, accompanied by her son Billie, enjoyed the week end at the home of her mother, Mrs. Charles Swanson, at Sunnyside.

LOOK to Greyhound first for

PUBLIC RESPONSIBILITY

The people of this community expect the best of Greyhound.

This is as it should be. For when this company undertook, and *performed*, the job of building a modern, first-class local transportation system between you and your neighbor cities and towns, it also accepted, without reservation, the great responsibility that goes with providing a vital public service.

On the strength of its outstanding leadership and its established record of perform-

ance, people have a right to expect Greyhound to be the first in everything connected with bus transportation. Greyhound believes that it has lived up to these expectations . . . that it has *proved* its deep sense of public responsibility. If this were not so, people would not now confidently expect so much of this company.

Greyhound can be relied upon to continue to justify your confidence. It is part of your community . . . and proud of it.

TAHOE LETTER To The Servicemen

From SWANEE

Tahoe City, California,
March 10th, 1946

Dear Tahoeites:

We natives awoke this morning to find the sun playing peek-a-boo behind swiftly moving banks of snow. This afternoon the wind rose higher and finally snow began to fall. It was light and dry moist, resembling slush more than snow, but tonight the trees are lightly covered and the barometer remains down four points. A quick look out the kitchen window finds the snow still falling, steadily but not heavily.

Quite a contrast is our present weather, which for the past three days has been heavenly, like spring, to that of the famous winter resorts, Miami and Cuba. It was from the former last week that I received a rare treat, a letter from my old friend, Ben Callendar who, as his friends will recall, is not generally given to writing letters. But he was relaxing in such comfort on the white warm sands and his thoughts drifted back to his beloved Tahoe, never long out of mind no matter where he and his charming wife may wander. They had just finished reading two Sierra Suns that had caught up with them and really enjoyed catching up with the local news. Their only difficulty on their entire trip has been the housing shortage, but even that has proven quite an adventure.

When no accommodations were to be found any longer in Miami, they solved the issue by boarding a Pan American clipper and taking a vacation to Habana, Cuba. There they found a nice native family hotel where they remained for almost two weeks exploring and enjoying the lush tropical surroundings. Upon returning to Miami they secured a room in a private home for a week and the time was about up when one day they got a surprise. They met up with Mrs. Matt Green, another Tahoeite. Mrs. Green invited them to stay with them as houseguests and later they all toured the Florida Keys on a private houseboat.

Had another very pleasant surprise in the form of a novel folder from Shanghai, China, depicting the transportation situation there. It was from Tahoeite Sgt. David Bienert, still stationed in that city. I was just a little sorry that he failed to enclose a letter but more than thrilled to have the souvenir to add to my growing collection.

Sad news arrived, too, last week when word reached Ray Prusso, my

next door neighbor, that his brother PFC Donnie Prusso had been flown from Okinawa, where he has been stationed for many long months, to the government hospital at Guam. His condition was believed rather serious and he was suffering from mastitis, which Webster's dictionary describes as inflammation of the breast. We all most sincerely hope and pray that his visit to sick bay will not be serious or lengthy and that he may soon be back to good health and spirits.

Had another long letter from son Jimmie in North Carolina, who I suspect by this time may be across the ocean at his new post. He wrote that he had undergone processing with the usual typhus, cholera and tetanus shots, which left his arms very sore. This was topped by some really strenuous work in the supply warehouse. He was assigned to runner's duties in their orderly room at the time of writing. The boys in his outfit were just biding their time and were looking to be shipped out daily, but to what destination no one knew, of course. Since that letter I have had no more, so figure he must be traveling. Guess from here on his missives will take on a foreign flavor which should be interesting.

Recent letters from son-in-law PFC Bill Steenis finds him still confined to the army hospital at Manila. At last writing he had to take six more shots within a space of ten days, then he must rest for several weeks in order to gain back some of his lost weight. He enclosed in a letter to daughter Marie some Japanese paper money which was secured from a Japanese prisoner of war. It seems to hold unusual value inasmuch as it has been autographed in red ink by the late T. Yamamoto. One was for my souvenir collection and it intrigues me. Don't know what denomination they are but it takes four of them to equal one American dollar.

Just heard a few moments ago that Mr. and Mrs. Sherwood Prusso are the proud parents of a baby daughter born this afternoon in a Long Beach hospital. Grandmother Prusso phoned neighbor and uncle, Ray Prusso, who gave us a ring. No name has been selected for the little lady who topped the scales at around 8½ pounds. Both mother and baby were reported as progressing nicely as well as father Sherwood.

The A. M. Henrys have arrived back home after an extensive and interesting motor trip which carried them hundreds of miles across the states and both look rested. They report daughter Pat, now Mrs. William Lyman Griswold, preparing to move into her new home on her husband's family estate in Massachusetts. They have been waiting for tenants to move out since arriving after their honeymoon. The Henrys have a lovely wedding picture of the pair taken at Grand Canyon, Arizona, where they spent several days. Pat likes the east and describes it as very beautiful in the vicinity of her new home.

Mr. and Mrs. Harold Roberts of the state fish hatchery camp grounds on Sunday became the proud parents of a six pound son, born at St. Mary's Hospital in Reno. He has been named David Kent and at latest reports both mother and baby were progressing nicely.

Mr. and Mrs. William Langbehn of Tahoe Park are entertaining as their houseguests Mr. and Mrs. Dan Steele of Oakland, the former just returned from three years duty with the Marines in the south Pacific. His brother James visited with the Langbehns over Friday and Saturday, returning home Saturday night. The Steeles plan to remain another week.

playlet in Truckee on Thursday afternoon of last week had a most enjoyable afternoon. But aside from that we learned that the Wyethia is planning in earnest to lend their concerted aid to the establishment of a much needed hospital in their town. This has been a crying need for years, in fact, ever since the hospital at Hobart Mills was dismantled. With the added influx of new residents, the release of building materials will bring to our areas in the coming months, it is a project worthy of the financial assistance of all citizens and property and resort owners in our communities. Mrs. N. F. Dolley indicated an ambulance would be brought to Truckee about mid-summer. Here's hoping the north and south ends of Tahoe both succeed in securing the ambulances they have long sought. It would mean that accident hazards in this region would be greatly alleviated. These are projects that deserve generous public cooperation and we hope Truckee and Tahoe interests back them to the hilt.

Leave you all for another week, as the snow slides softly from our slate roof and continues to fall. Hope this finds you all in good health and spirits and soon one your way home, if you're still among those on active duty, and may Providence guide your footsteps today and always, as ever.

Tahoe Snow 75 Per Cent Water, Survey Indicates

TAHOE CITY—The lake level on Monday morning stood at 6227.38 with 31 CSF of water leaving the gates in town. Snow on the ground measured 31.5 inches with 30 of an inch precipitation for the last storm. Coldest day of the week past was on the fifth with 18 degrees and warmest was on the ninth with 63. Several inches of fresh snow on Sunday.

Mr. and Mrs. W. A. Simmonds on Feb. 28 made a snow survey in the vicinity of Tahoe City and Simmonds declared that the water content of the snow averaged around 75 per cent.

John Hancock, president of the Continental Congress, was the first man in history to be elected to any office by voluntary suffrage.

Mr. and Mrs. Allan Pollitt and daughters Alberta and Myra Lee returned to their home at the Tahoe Fish Hatchery Sunday, following an extended visit in the bay region. Mr. Pollitt, who underwent a serious operation while in San Francisco and spent eight days in the hospital, returns in good spirits and well on the way to complete recovery.

Once again we can say

"NEXT TIME, TRY THE TRAIN"

At long last we can see our way out of the woods. No longer is there a backlog of veterans waiting for transportation to their homes. The peak movement seems to be definitely over.

We want to sincerely thank all the civilians who refrained from traveling to make room for these men. And we want to point out that now some space is available on some Southern Pacific trains for you who wish to travel.

In other words, we can say "Next time, try the train", but as yet we can't say it very loud.

There is now quite a bit of space available in coaches and chair cars. Sleeping car space is tighter in comparison, but considerably more plentiful than it was, especially on certain trains.

Please call us if you're planning a trip anywhere. We'll do our best to get you the reservations you want.

No time limit on reservations

On and after March 15, you can make reservations as far in advance as you wish. The ODT order requiring you to make them no more than 14 days in advance has been repealed.

Three meals a day!

Dining cars on Southern Pacific trains are now serving three meals a day instead of two.

More improvements on the way

With our heavy war load easing, we will soon speed up trains and return the lounge cars and other refinements in service that we had to discontinue during the war.

Meanwhile we are going full speed ahead with an ambitious program of new streamlined trains that will be the finest the world has ever seen.

*What a bank owes
a borrower*

Increasingly, individuals are following the long-established business practice of borrowing from banks. They are learning what businessmen have long known: that a bank provides dependable financial help at minimum cost whenever needed.

This trend has imposed an added responsibility upon bankers. Your banker realizes that a personal, home, or business loan may be the most important business transaction in your life—the outlet for a dream, a hope, a plan.

Bank of America—like other banks—welcomes the opportunity to take this larger part in the affairs of Californians—and wishes to review its obligations to these men and women.

This bank will continue to fit its loans to as many needs as possible. When new conditions or situations arise, Bank of America will develop loan plans to meet them.

This bank will maintain loan rates as low as sound business practice will permit. The bank will never forget that its first—and continuing—aim was to build a bank for all the people—and lower rates help to bring its services to more people.

Bank of America will continue to extend its complete facilities to even the smallest of California communities, so that "big city" banking service is not reserved for big cities alone.

Truckee Woman Jailed On Liquor Law Counts

NEVADA CITY— Mrs. Margaret Curtis, boarding house keeper of Truckee, is under arrest for selling liquor to minors and for selling liquor with a license but is free on \$300 bail.

Mrs. Curtis was arrested Saturday by Russell Farley, state board of equalization enforcement officer.

In 1876 Capt. Alfred Johnson sailed alone in a 16-foot dory from Gloucester, Mass., to Liverpool, England.

Wyethia Luncheon Starts Activities for 1946 Season

The Wyethia Club's opening meeting on Thursday, March 7th, was a most successful affair with an attendance of 70 including members, their guests and a large representation from the Tahoe Women's Club at Tahoe.

The meeting opened with a luncheon served at one o'clock by Mrs.

A. B. Polyanich and her committee. The club house and individual tables were attractively decorated with spring flowers under the direction of Mrs. V. C. Shattuck.

A business meeting followed the luncheon with Mrs. W. C. Gage, the president, presiding. At this time she named the committees who will serve during the year.

Mrs. Barbara Barrett spoke on the membership drive which is now underway. Mrs. Barrett will head one of the teams and Mrs. Betty Gaiennie will head the other. A list has been posted at the clubhouse showing the team each member is on. Mrs. Barrett stated that the aim of the teams is for each member to secure one new member. As is the custom, the losing team will have charge of the annual tea given each summer by the club.

Mrs. Florence Sheffield, Red Cross chairman, spoke on the Red Cross drive being held this month. The drive for funds and memberships will start the last week in March and club members will be at the post office and bank to receive the funds and memberships.

Mrs. William Wilkie, program chairman for the afternoon, presented the skit "Wrong Numbers" with Mrs. Lucille Bick, Mrs. Melva Leitch, and Mrs. Mary Wolert in the cast, which was thoroughly enjoyed by the audience. Mrs. Barbara Dugan gave a piano selection.

The president called on the past presidents present and each was presented with a corsage. There were nine past presidents in attendance.

Officers and committees for the coming year are as follows:

Officers: Blanche Gage, president; Irene Englehart, vice president; Dorothy Leamon, secretary; Edith Riordan, treasurer; Lucille Bick, auditor. Advisory Board: Mary Wolert, Irene Englehart, Dorothy Leamon, Annie Tonini, Laura Gaiennie, Edith Fay, Ametta Cabona.

House Committee: Laura Gaiennie, Julia Ciardella, Elizabeth Bavier.

Sentinals: Stella Englehart, Lucille Bick.

Publicity: Elizabeth Bavier, Norma Hansen, Anona Loynd.

Library: Blanche Gage, Elizabeth Bavier, Blanche Snider, Mariam Zwarg.

Finance Committee: Lucille Bick, Edith Riordan, Dorothy Leamon.

Constitution and By-laws: Melva Leitch, Florence Sheffield.

Attendance Committee: Dorothy Leamon, Georgie Langille.

Membership Committee: Barbara Barrett, Betty Gaiennie.

Tea Hostesses: Irene Englehart, Betty Gaiennie.

Departmental Chairmen: Melva Leitch, garden; Kate Ghirard, bridge; Mary Wolert, music; Julia Ciardella, teen agers; Florence Sheffield, Red Cross and legislation.

An unprecedented
program for long distance
expansion

Thousands of miles of new circuits
will be built on the Pacific Coast

During 1945, we handled more than 346 million long distance calls . . . an increase of some 57 million over the previous year.

That means we handled close to a million calls every day.

To meet the ever-increasing demand, we are now making an unprecedented expansion in long distance facilities on the Pacific Coast. Thousands of miles of new circuits are being built; special vacuum tube equipment is being installed to boost the number of calls existing lines can handle; new toll and long distance switchboards are being added.

Yes, we're expanding long distance facilities in many ways and preparing for the many new improvements to come. We're on our way to providing a better long distance service than you ever dreamed possible.

Capitol Week

by DOUGLAS JAQUES
United Press Staff Correspondent

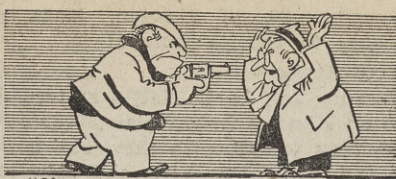

SACRAMENTO, March 14—(UP)—An assemblyman from Colfax—Allen G. Thurman—was the first political race horse to enter the election paddock at week's end when he became the first man in the state to qualify for the June 4 primaries—and a two week capitol lull was over.

The "paddock" would be full by a week from now, and the track would be "muddy" in at least two weeks.

But for the most of the last week the capitol story was bill signing and finances.

Gov. Earl Warren opened the week with a reiteration of his statement that he was going to have to make drastic cuts in many of the appropriation bills sent down to his desk by the state legislature in their recent special session. He said, as he had said often before, that he was not

going to run the state into the red. But in the middle of the week State Sen. William P. Rich, R., Marysville, issued a statement saying the horse already had fled the barn. Basing his assertion on a financial statement prepared by Rolland S. Vandegriff, legislative auditor, Rich said the governor already has signed so many appropriation bills that there will be a \$303,000 deficit by the end of the biennium.

If Warren signs all of the appropriation bills now before him, California will have a \$53,630,192 entry in the red column by June 30, 1947, the senator claimed.

The final financial item of the week was a report made by the state controller's office showing California both received and spent record amounts of money in the fiscal year

FEEDING THE WORLD . . . Was the subject discussed by President Truman and former President, Herbert Hoover, as they recently conferred in Washington. Hoover will undertake the job.

ending last June 30. Expenses totaled \$310,509,000, while the state income was \$422,862,000. That left a surplus of \$112,000,000.

Of the bills the governor signed during the week, he described the one providing disability insurance benefits as "one of the most important bills enacted in recent years."

Under terms of the measure, the present one per cent employee payroll tax will go into a disability fund beginning next May 21, with payments starting a year later—unless the department of employment is successful in its attempt to regain tax payments already turned over to the social security board. In that case disability benefits would start next fall.

Another bill the governor said he was "pleased" to sign appropriated \$4,000,000 for new construction at the University of California medical center in San Francisco.

The major buildings to be con-

structed are a medical science building and a new teaching hospital. The expansion also will provide facilities for work with radioactive substances produced in cyclotron work at Berkeley.

Eight measures aiding veterans became law during the week when they were signed by the governor. Four of them provide civil service benefits and the others protect veterans in mental hospitals and exempt them from delinquent tax penalties imposed when they were in—or just out—of the service.

California's state parks and beaches will get more than \$2,000,000 for improvements as a result of other bills which became law. The parks will receive \$1,674,740 and the beaches \$574,850.

And another measure of state-wide interest signed by Warren appropriates \$692,500 from the state fish and game funds for construction, improve-

CHRISTIAN SCIENCE

"By humility and the fear of the Lord are riches, and honour, and life" (Proverbs 22:4) is the Golden Text for the Christian Science Lesson Sermon for March 17, on "Substance."

Included in the sermon are these citations:

Psalm 36:8: "They shall be abundantly satisfied with the fatness of thy house; and thou shalt make them drink of the river of thy pleasures."

"Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"The substance, Life, intelligence, Truth and Love, which constitute Deity, are reflected by His creation; and when we subordinate the false testimony of the corporeal senses to the facts of Science, we shall see this true likeness and reflection everywhere" (p. 516).

Vets Warned to Register Firearms Under U.S. Act

Constable N. F. Dolley this week pointed out to returning servicemen who have brought certain types of firearms home as war souvenirs that they must be registered and that there are heavy penalties for failure to do so.

However, not all war trophy firearms have to be registered, Dolley said, but to be on the safe side holders of such firearms should consult a law enforcement officer or an agent of the Alcohol Tax Unit which has charge of enforcement of the registration.

The National Firearms Act defines firearms affected by the act as follows:

1. A shotgun or rifle having a barrel less than 18 inches long.
2. Any weapon, except a pistol or revolver, capable of being concealed on the person.
3. Any machine gun—a weapon designed to fire more than one shot at a single pull of the trigger.
4. A muffler or silencer for any firearm.

A penalty of not more than \$2,000 fine and imprisonment for not more than five years is the maximum penalty for violation of the act.

"The act is not designed to deprive veterans of war trophies," Dolley pointed out. "The purpose of the act is to insure that these lethal weapons do not fall into the hands of criminals. Law enforcement officers are vitally interested in this since they're the ones who'll be on the receiving end if these weapons are turned into illicit channels."

We've just recently been appointed the Authorized Hoover Dealer for the Hoover Cleaner in this area. Come in this week and let us give you the details of the New Hoover, Model 27. "Easy Cleaning" is its middle name. It rolls like a doll buggy... keeps rug colors fresh... picks up dog hairs and lint in a jiffy... converts instantly from a rug cleaner to a cleaner for draperies, upholstery, lamp shades, bare floors and more! Never before so much Hoover at so low a price!
